VILLA DONA

CRETE
HERAKLIO

DESCRIPTION & FEATURES

Villa Dona is one of the three villas of "Gamma Villas Complex". The ground floor comprises of an open plan living and dining room area, two bedrooms, one with a double bed and one with two single beds which can be converted into a double king size bed, and two bathrooms with shower. To the delight of music fans there is an old piano in the living room area.

Highlighting the union of tradition with modern design, a staircase made of iron and glass comes out of the stone wall leading to the airy and sunny Master Bedroom. The Master Bedroom has a king size bed and a bath with bathtub, and a hydro massage - ham am-aromatherapy cabin. Over the Master Bedroom there is a wooden loft suitable for relaxation, meditation, reading, work ... you will be there along the wooden staircase located in the bedroom. From the terrace, which someone can approach either from the Master Bedroom, or from the outside staircase, you can enjoy the beautiful view of the pool and the sea.

The villa also offers a space that can be used for various activities. It can be characterized as fitness/play room and contains a bathroom, a refrigerator, gym equipment and a massage bed. On the terrace outside the playroom you can simply relax and enjoy the beautiful view, or you can work out during a Pilates, Yoga, Callanetics or Swedish gymnastics session under the guidance of a personal trainer. From the fitness/play room, a wooden staircase leads to a wooden loft that provides

a double bed and can be used as a guest room, when people exceed 6 (six) in number.
